# TABLE OF COSTS BY SCHOOLS

Town Year, February 1, 1939 to January 31, 1940

Items	General Expense	Dwinell School	Hollister Hill	King School	Lamberton School	Village-High School	Totals
Teachers' Salaries .....	\$ 432.40	\$647.00	\$578.00	\$ 722.00	\$595.00	\$2260.34	\$ 9869.30
Elementary Tuition ..	265.00						265.00
Secondary Tuition ....	735.00						735.00
Textbooks .....	96.76	7.29	20.81	39.31	18.98	140.62	327.29
Instr. Supplies .....	153.02	2.25	1.40	3.91	2.47	25.98	198.02
						(Both)	
Janitor Service .....	11.70	36.00	38.00	76.00	36.00	516.60	714.30
Repairs and Upkeep ..	242.18	20.00			17.85	800.00	1080.03
Fuel, Water - Lights..		30.00	50.00	91.00	40.25	758.35	969.60
Furniture, Equip. ....	87.00						87.00
Supervision .....	766.55						766.55
Insurance .....	57.79						57.79
Truant Officer .....	10.15						10.15
Transportation .....				266.00	13.60	1041.61	1321.21
Unclassified .....	590.36						590.36

Total Costs .....	\$3447.91	\$742.54	\$688.21	\$1198.04	\$724.15	(Vill.) (H. S.) \$2426.94	\$4647.25
							\$3116.56
						Grand Total	\$16991.60

The cost-per-pupil for the year ending January 31, 1940 is \$97.50, exclusive of capital outlay costs. The State average, for the year ending July 1, 1939, for combined per-pupil costs of high and secondary education is \$78.75.

#### Comparative School Costs

The following table presents a comparative statement of school expenditures covering a period of seven years:

Year Ending	Expenditures
June 30, 1933	\$14,078.80
June 30, 1934	11,905.04
June 30, 1935	12,665.22
June 30, 1936	14,850.28
June 30, 1937	15,389.27
June 30, 1938	16,243.60
June 30, 1939	16,724.46

### REPORT OF THE SCHOOL DEPARTMENT

In compliance with the law of the State of Vermont, we submit the following annual report of the Marshfield School Department:  
HEALTH—

The third annual report of the Federal-paid school nurse, Carrie T. Burke, shows to date 31 schools have been visited, with numerous home visits additionally. Through her efforts pediculosis has been kept down to a minimum; Dr. Archambault's assistance has aided her in dealing with the scarlet fever scare, and the continued cooperation of parents has been most helpful. Special health records for the high school have been issued and all high school students have been inspected. Whooping cough reached epidemic stages, but fortunately other contagious diseases have not occurred widely.

A two-year summary of health inspections, numbering 123 last year and 124 this year, is as follows:

Abnormal Conditions Found	Number Cases		Number of Correc- tions Made	
	Defective			
	1938-39	1939-40	1938-39	1939-40
Teeth .....	42	64	6	28
Eyesight .....	7	9	5	7

Hearing .....	2	2	0	1
Tonsils and Adenoids .....	20	25	2	4
10% Underweight .....	24	30	0	4

A glance at the above table shows that the number of children with defective teeth is large and demand corrective measures. Parents in some of our communities are becoming aroused to the need of improving this condition by sponsoring clinics, and early attention to corrections, on the part of the teachers and parents, will hasten results.

Hot lunches are being served in nearly all the schools of the district, aided by surplus commodities from the Federal Government, and local contributions. These have already served to reduce the number of underweight children, and should continue to be supported.

## HIGH SCHOOL

At present the high school has three full-time teachers, two half-time vocational teachers, and a part-time music instructor. General aims of the school are to improve Scholarship, develop well-rounded personalities, take special notice of individual differences, and to train for future leadership and better citizens.

The vocational agricultural course, which was started last year, has been successful, with an increase in enrollment. The Future Farmers of America trains class members in more than a fraternal way. This is a national organization of farm boys, with state and local chapters, affiliated with vocational agricultural classes. The local boys have set out five hundred red pine trees on the Breen farm as a project. They have done some landscaping to the school grounds. A cooperative school garden produced vegetables, which the home economics classes have canned, to be used with hot lunches.

The girls' basketball team won the championship cup, presented by the Twin Valley League, by remaining undefeated last season. They have held a similar record this year. New regulation backboards and baskets have been installed by the athletic association. The basketball team has purchased new uniforms.

Marshfield High School has participated in the District public speaking contest. Interclass competition in the one-act play contests is running high. The junior class won the trophy cup this year, remaining their property until

next fall, when other classes will try for it. A highway safety patrol has been organized as one of many sponsored in the State by the Highway Department.

The building has been made more comfortable, with a probable large saving in fuel, by being insulated with rock wool. New valves were installed on the radiators for further efficiency to the heating plant.

Much credit has been due the P. T. A. for their continued interest in the welfare of the school. Recently N. Y. A. services have made it possible for students to gain music lessons, along with adults, with a local instructor giving lessons. This has in no way interfered with the independent classroom work of the part-time music teacher.

The water system at the high school was improved during the fall, furnishing the school with a much-needed additional supply of fresh water.

## MUSIC INSTRUCTION

....

The music supervisor, Mr. Marsters York, has carried out a progressive program in all the schools. At the present time the children are participating in operettas in the respective schools. These show that worthwhile results have been accomplished.

In the rural schools the music of the lower grades consists of rote songs, monotone games, and rhythm work. This leads to ear-training and the more intensive sight-reading of the upper grades. Rote songs are chosen that make the course as attractive as possible. Appreciation is the first aim. Many songs are seasonal in nature, others are liked because they are related to the child's own experience. In monotone games the child attempts to match tones in voice training. The rhythm work often makes use of a toy orchestra. Some of the pupils have made their own instruments, thereby increasing their interest in music. The ear-training and theory work are closely linked in the early grades. The children recognize phrase repetition and build up a music vocabulary from various steps in the instruction, including considerable blackboard work.

In the upper grades two-part work is introduced. In the Lamberton School some three-part singing is being done. Melodic dictation is given and more advanced instruction here includes staff work. Study of the great composers; types of instruments; the Damrosch Hour, by radio; victrola records; and other means are used in appreciation study.

At the village school similar foundation work is given that the small schools get. At Christmas time the children, under the direction of Miss Peck and Mr. York, gave a fine operetta. More group work, with two-part singing, is done in the grades. Marshfield was represented, among several schools, at the Winooski Valley Teachers' Convention. In addition to the children who were in the chorus there, two violinists went from the local high school.

The High School Glee Club is practicing music for the State Music Festival, to be held in Burlington, next May. They are also presenting Gilbert and Sullivan's operetta, "The Mikado," in combination with students from Plainfield and Cabot. Orchestra work has not reached the start that chorus work has, but it is hoped that more may be done in that line soon. There is no lack of talent, but instruments will be needed.

## RURAL SCHOOLS

The last rating of the schools showed the following scores: Dwinell, 130.2 (not standard); Hollister, 161.3 (standard); King, 163.4 (standard); Lamberton, 124.8 (not standard). Schools rating 150 - 169 points are standard, while those rating 170 or more points are superior. (At present the village school rates standard, 163.4).

An active P. T. A. at the King School has purchased books for their library, new window shades, and equipment for art and handicraft. In addition to paying for electricity they have bought new chairs. A total of \$46.41 has been paid toward improvements. The Dwinell P. T. A. has been raising funds for school improvements. Although there are no active clubs at the Hollister Hill and Lamberton schools, community support has been the means of getting some things for the schools.

## Teaching Staff

The following is a list of the teachers for the year 1939-1940:

Principal	Clarence F. Amsden
Ass't. Prin.	Theodore J. Sargent
Languages	Miss Ruth J. Hasseltine
Home Economics	Miss Agnes Jennings
Agriculture	G. Allen Holmes

Grades 6, 7, 8  
Grades 3, 4, 5  
Grades 1, 2, 3  
Dwinell  
Hollister Hill  
King  
Lamberton

Raymond J. Messer  
Miss Helen F. Nichols  
Miss Sarah I. Peck  
Miss Bettina M. Miner  
Miss Beatrice A. Covey  
Miss Mildred B. Angwin  
Miss Mabel Christiansen

### Graduates

The following is a list of the graduates in the Class of 1939:

Alice Brown  
Rachel Bullard  
Rebecca Dwinell  
Blanche Foster  
Evelyn Gochey  
Beth Hayward  
Madine Lamberton  
Leon Morey  
Ryland Partridge

Supt. Homer B. Ashland resigned his local position to accept the superintendency at Newport, Vermont, effective January 1, 1940. He will be remembered for his untiring enthusiasm and many accomplishments during his term of office in the District.

To our teachers, parents, and friends due appreciation is herein expressed for a common interest in the promotion of education.

KENNETH LAMBERTON,  
MRS. JENNIE HAMEL,  
B. L. CAMERON,

Directors

FRANK O. STILES,

Superintendent

Enrollment in the Marshfield Schools

### LIBRARIAN'S REPORT

During the year ending January 31, 1939, 6060 books were loaned. Fines collected and magazines sold amounted to \$10.48. A number of new books were added through the year. A box of books presented from the Springfield, Mass. Library was much appreciated. The St. Johnsbury book wagon calls regularly every 6 weeks with a new supply of books.

MARY HOUGHTON,

Librarian

RUTH HAYWARD,

Auditors

## OLD AGE ASSISTANCE DEPARTMENT

### STATE HOUSE

Montpelier, Vermont

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your Town amounted to \$5,277.50 during the year January 1, 1939 to December 31, 1939.

The number of recipients in December 1939 was 32.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds. During recent months it has not been possible to grant assistance to all new applicants who have been found eligible after investigation. The co-operation of overseers in extending temporary aid and supplementary medical services has been very helpful.

The administrative expenses of the department during the year was 3.9%.

The advice and council of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. ARTHUR SIMPSON,

Director

## ANNUAL TOWN MEETING - 1940

---

### W A R N I N G

---

The legal voters of the Town of Marshfield are hereby notified and warned to meet in the K. of P. Hall in the Village of Marshfield in said Town on Tuesday, March 5, 1940 at 10:00 o'clock in the forenoon to transact the following business:

- Article 1 To choose a Moderator.
- Article 2 To hear the reports of all Town Officers.
- Article 3 To see if the Town will vote to have one or two Road Commissioners.
- Article 4 To see if the Town will vote to have one or two Law Agents.
- Article 5 To elect all Town Officers required by law.
- Article 6 To see what amount of money the Town will vote to appropriate for the Jaquith Public Library.
- Article 7 To see what percent on the dollar of the Grand List the Town will vote to raise for the support of schools.
- Article 8 To see what percent on the dollar of the Grand List the Town will vote to raise for the support of Highways.
- Article 9 To see what percent on the dollar of the Grand List the Town will vote to raise to defray the expense of the Town and keep the bridges in repair.
- Article 10 To see what percent on the dollar of the Grand List the Town will vote to raise to pay its indebtedness.
- Article 11 To see if licenses for the sale of vinous and malt beverages be granted in this Town.
- Article 12 Shall spiritous liquors be sold in this Town.
- Article 13 To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town Roads, outside of Winter maintenance, in order to take advantage of No. 101 of the acts of 1937, granting \$25.00 per mile.
- Article 14 To see what amount of money the Town will vote to appropriate for the care of cemeteries.

- Article 15 Will the Town vote to authorize the Auditors of the Town to employ the services of an accountant from the offices of the State Auditor of Accounts, to conduct an audit of the town accounts, as provided by No. 55 of the acts of 1937.
- Article 16 To see if the Town will vote to rescind the vote requiring the auditors to itemize each order in the Town Report, and have them grouped instead.
- Article 17 To see what salary the town will vote to pay the overseer of the poor.
- Article 18 To see if the Town will vote to authorize the Selectmen (a) To arrange for proper recognition of Vermont's Birthday anniversary during the Town Meeting held on March 4, 1941. (b) To appoint at once a committee to co-operate throughout the year with other state and local committees in recognition and celebration of 1941 as Vermont's Sesquicentennial Year.
- Article 18 To see if the Town will vote to collect taxes in installments as provided by No. 21 of the acts of 1933.
- Article 19 To see if the Town will vote to give the Constable jurisdiction of Town and State.
- Article 20 To transact any other business that may legally come before said meeting.

Dated at Marshfield, Vermont, this 15th day of February, A. D. 1940.

RALPH WELLS,  
A. A. LYNDEN,  
ARTHUR FLETCHER,

Selectmen

Marshfield Town Clerk's Office, February 15, 1940 at 4:00 o'clock P. M. received the warning of which the foregoing is a true copy and was recorded before posting.

Attest:

VAUGHN A. GILMAN,

Town Clerk

## REPORT OF SCHOOL DEPARTMENT

---

To the Citizens of Marshfield:

The following is the annual report of your school department for the last fiscal year.

FINANCIAL—We quote from a letter recently received from the State Department of Education: "To the Citizens of Marshfield: The State Department of Education forwarded to your Town Treasurer the sum of \$3,705.61 in state aid for the school year ending June 30, 1940.

"The purpose of our system of state aid is to help equalize educational opportunities for our children in all parts of

Vermont and to assist schools in reaching and keeping up to the minimum qualifications of good current practice in education.

"Preferential purposes for the local expenditure of state aid include rural teachers' salaries, advanced instruction, transportation and supervision, as well as the improvement of school buildings and vocational education. Very sincerely yours, Ralph E. Noble, Commissioner of Education."

HEALTH—The school nurse, Mrs. Burke, states that she has made forty school visits thus far this year and the home visits made were very numerous. Through the efforts of the teachers in noting any symptoms of pediculosis (lice) and the calling of the nurse for special inspection, this condition has been kept nearly normal.

With Doctor Corson's and the Health Officer's assistance, and because of a careful daily inspection by the nurse and teachers for symptoms of scarlet fever, this communicable disease did not prove at all serious in the village.

The annual pre-school clinic, sponsored by the P. T. A., was held with Doctor Archambault in attendance. Eight were given a physical examination. Doctor Corson gave a physical examination to thirteen high school students to determine their fitness for athletics.

The nurse to date has given inspection to one hundred thirty-three children. A summary follows:

Abnormal Conditions Found	Number of Cases Defective	Number of Corrections Made
Dental Care Needed	79	22
Eyes	4	4
Hearing	0	0
Tonsils and Adenoids	24	4
10% Underweight	51	21

A glance at the above table shows almost a demand for teeth correction. Nearly three-fourths of our school children need dental care. We are striving to prove to the parents that better teeth mean better health for each school child. Will Marshfield be our next field for a sponsored Dental Clinic?

Hot lunches are served in all the schools and we note with satisfaction the reduction of underweights, and a much happier attitude on the part of the children. A full-time Federal worker is doing fine work in Marshfield Village on this project. Everyone is very cooperative.

**HIGH SCHOOL:** The high school has three full-time teachers, two half-time vocational teachers and a part-time music teacher. The general aims of the school are to improve scholarship, develop well rounded personalities, take special notice of individual differences and to train for future leadership and better citizenship. The practical side is given special emphasis in such courses as vocational agriculture, home economics, general mathematics, business arithmetic and typewriting.

Six typewriters have been purchased, thus making it possible to start a course in personal typewriting. The aim of this course is to give those pupils interested in typewriting an opportunity to learn the fundamentals of typing, so that they may use it for their personal use in later life; or, if they wish to continue with the commercial course, they may gain advanced training in this field.

A practical course in general mathematics has been added to the curriculum, thus giving a special opportunity to those pupils who come to high school and are not ready for or do not need algebra in their advanced work.

A much needed metal file has been installed in the principal's office. This makes it possible to keep the school records in much better condition. An individual folder system is in use which includes a vocational analysis study, standard intelligent test results, health record, a summary of the personality rating sheets, an autobiography, and duplicate record cards. A new permanent record form has been adopted which gives a concise picture of the individual at a glance: Alumni data, a recent photograph of the pupil and any personal data which would be of use to an individual who might want to use these records for college entrance or employment.

Marshfield High School again participated in the District Public Speaking Contest. The Inter-class One-Act Play contest, which was started last year, was again won by the class of 1941. The trophy cup will remain in possession of this class another year.

Athletics in the form of basketball, baseball and softball have been successful. The girl's basketball team won the championship trophy awards presented by the Washington Northeast District League for the past two years. From January, 1939, until January, 1941, they played twenty-two consecutive games without a defeat. The Athletic Association is an active, self-supporting organization which finances all athletic equipment. This year it has also paid for a new trophy cabinet which was installed in the main

room. It contains five athletic trophy awards and one dramatic award.

The boys' toilet has been greatly improved by building a needed partition and by installing a white enamel bowl.

A much needed set of Compton's encyclopedia has been placed in the high school library. This is indeed an asset. However, it has been recommended that still more reference books be purchased for the high school.

At the present time the school is conducting an extensive hot-lunch project under a W. P. A. supervisor, serving an average number of 54 pupils per day.

Much credit is due the P. T. A. for the purchase of two new swings, a volley ball, a large play ball, four magazine subscriptions, for replenishing the first aid kit, and for part payment of the installation of a light on the skating rink.

This is the third year of the vocational agriculture course. Changes have been made in the past year, both in teaching personnel and enrollment. The Future Farmers of America, which is affiliated with the vocational course, is a national organization of farm boys. Leadership in agriculture is the goal of this organization.

The following is a list of graduates in the class of 1940:

Zylpha Achilles	Lorraine Lewis
Arthur Covey	Nellie Mears
Orphia Covey	Vera Mears
Donald Johnson	Cecile Messier
Nellie Sicely	

**MUSIC INSTRUCTION:**—The music supervisor, Marsters York, reports that the music program in the schools of Marshfield during the past year has progressed favorably and has received the cooperation of pupils, teachers and parents.

In February of 1940 the high school, in combination with Plainfield and Cabot High, presented an abridged version of Gilbert and Sullivan's "Mikado". Members of the High School Glee Club also furnished music for the various commencement exercises, in June. The High School Glee Club, together with representatives from Cabot and Plainfield, furnished music at the District Prize Speaking Contest in Plainfield. Besides the chorus numbers, a drum and vocal solos were furnished by a Marshfield member.

The Glee Club was represented as usual at the State Music Festival in Burlington. In May, the elementary schools took part in the annual Music Festival under the

splendid direction of Mrs. Nina Babock Bailey, whose inspiring leadership has made the festival a much anticipated affair.

At the opening of school in September the Glee Club began work on the operetta "Tony", written and composed by the music supervisor, and presented it very successfully on October 9. A combined orchestra composed of pupils from Cabot, Plainfield and Marshfield played the overture of the operetta. All departments of the school—pupils, teachers, parents and interested friends—are to be commended for their excellent cooperation in this production. The proceeds are to be used to defray the expenses of the delegates to the Burlington Festival in the spring.

On December 13, the pupils of the seventh and eighth grades, assisted by many of the lower grades, presented a musical version of Dickens' well known "Christmas Carol". Although financially unsuccessful, the operetta was a splendid success if valued in terms of student participation and interest.

The appreciation work in the upper grades of the elementary schools this year has been so organized that each school in the three towns concerned might have the benefit of using all the records in the system, keeping each record for two weeks' study. This program has proved quite beneficial in giving more pupils a chance to hear more good music. The services of the music library in Rutland have also been of great assistance. The subjects covered in this outline include a study of American Folk Songs and American composers. Notebooks are kept by the pupils. The work in the primary grades has consisted of rote songs, monotone work, rhythm training, and a process of building up the staff, which makes use of ear training and melodic dictation, as well as laying good foundations of the work in notation. In the intermediate and upper grades ear training and melodic dictation continue and a more advanced theory of music is presented, although the emphasis is perhaps on appreciation.

Plans for the future include the usual local festival for elementary school pupils, the sending of delegates from the High School Glee Club to the all-state chorus and one delegate to the all-state orchestra, a soloist to sing in the solo and small group program at the state festival, and the presentation of a spring concert by the Glee Club.

**RURAL SCHOOLS:**—The Dwinell School is enjoying major improvements in the form of a new chimney and ten

new movable desk units. Funds from the P. T. A. and the State are helping to pay for these.

The King School reports funds raised by the P. T. A. have paid electric light bills, furnished transportation for children to take part in choral work at a teachers' convention, purchased a piano, bought materials for art work and hot lunches, and added books to the school library.

The Lamberton School has been closed and the pupils are being transported to the village.

TEACHING STAFF:—The following is a list of teachers engaged to teach for the current school year:

Principal .....	Clarence F. Amsden
Asst. Principal .....	Theodore J. Sargent
Languages .....	Doris Hasseltine
Home Economics.....	Madaline A. Wheelock
Agriculture .....	Cedric Lafley
Grades 6, 7, 8 .....	Mildred A. Daniell

## LIBRARIAN'S REPORT

During the year ending Jan. 31, 1941, 6045 books were loaned. Fines collected and magazines sold amounted to \$11.50, new books were added through the year. A picture of the late Ira Bemis was presented to the library from the estate of the late Myrtie Bemis. The St. Johnsbury book

wagon still continues to call with a new supply of books every six weeks.

MARY HOUGHTON,

Librarian

## OLD AGE ASSISTANCE DEPARTMENT

State House, Montpelier, Vermont

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$5,371.50 during the year January 1, 1940 to December 31, 1940.

The number of recipients in December, 1940 was 28.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds.

The administrative expenses of the department during the year was 4%.

The advice and council of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. ARTHUR SIMPSON,

Director

### W A R N I N G

#### Annual Town Meeting—1941

The legal voters of the Town of Marshfield, Vermont, are hereby notified and warned to meet in the K. of P. Hall

in the village of Marshfield in said Town on Tuesday, March 4, 1941 at 10 o'clock in the forenoon to transact the following business:

- Article 1. To choose a moderator.
- Article 2. To see if licenses for the sale of vinous and malt beverages be granted in this town.
- Article 3. Shall spirituous liquors be sold in this town.
- Article 4. To hear the reports of the Auditors and Town Officers.
- Article 5. To see if the Town will vote to elect one or two Road Commissioners.
- Article 6. To see if the Town will vote to have one or two Law Agents.
- Article 7. To elect all Town Officers required by law.
- Article 8. To see what amount of money the town will vote to appropriate for the Jaquith Public Library.
- Article 9. To see if the Town will vote to purchase the K. of P. Building, so-called, at a purchase price of \$1,000.00.
- Article 10. To see if the Town will vote to have its fiscal year end December 31, 1941.
- Article 11. To see what percent on the dollar of the Grand List the Town will vote to raise for the support of schools.
- Article 12. To see what percent on the dollar of the Grand List the Town will vote to raise for the support of highways.
- Article 13. To see what percent on the dollar of the Grand List the Town will vote to raise for general expense and bridges.
- Article 14. To see what percent on the dollar of the Grand List the Town will vote to raise to pay its indebtedness.
- Article 15. To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town roads, outside of winter maintenance, in order to take advantage of No. 101 of the Acts of 1937.
- Article 16. To see what amount of money the Town will vote to appropriate for the care of cemeteries.
- Article 17. To see if the Town will vote to pay the taxes to the Town Treasurer on or before October

30, 1941, with a discount of 4% if paid on or before October 20, 1941.

Article 18. To transact any other business that may legally come before said meeting.

Dated at Marshfield, Vermont this 15th day of February, A. D. 1940.

C. B. LAMBERTON,  
A. E. FLETCHER,  
RALPH WELLS,

ANNUAL REPORT  
OF THE  
TOWN OF MARSHFIELD

---

FOR VICTORY

---

FOR THE YEAR ENDING  
**January 31, 1942**

BRING THIS REPORT TO TOWN MEETING

We have entered into one of the most tremendous years of our nation's history. We have a task before us that surpasses anything we have ever before been confronted with, a task that will tax our resources to the utmost.

We are a free united people and ours is a land where every man is the equal of his neighbor if he is willing to prove himself.

So let us forget those petty differences, after all the other fellow may be right, and work together in a spirit of fraternity for that one common end, peace and security for our homes and families, and may our youth go forth in confidence of a future and of an opportunity to find their destiny elsewhere than beneath a simple cross in some nameless field.

## REPORT OF THE SCHOOL DEPARTMENT

To the Citizens of the Town of Marshfield:

We present herewith our annual report on the condition and needs of the town's schools.

**HEALTH ACTIVITIES:** The schools have not been so fortunate as to have the services of a school nurse this year. Our nurse of former years, in the employ of the W. P. A., has been assigned to a different line of work, and no more W. P. A. nurses are being made available. In compliance with the state law, the teachers are giving eye and ear examinations and making reports to the parents.

In spite of the fact that teachers and parents can do a great deal to aid in health work, we feel the need of a nurse who can give much more time to the schools. In addition to these yearly check-ups, a nurse would have time to visit in the homes, consult with the parents and make plans for clinical work. She would work in close cooperation with the family physician. Every up-to-date school system should have the services of a school nurse. In these times of national emergency, when emphasis is being placed on building strong, healthy bodies in our children—the children who will be citizens of tomorrow—it would seem to be short sighted not to furnish the services of a school nurse if we are financially able to do so.

To this end, an article will appear in the warning for the town meeting asking the voters to appropriate a sum of money, which, with similar cooperation by the other towns in the district, will permit the hiring of a school nurse for the next school year. Your consideration of this article is respectfully solicited.

**HIGH SCHOOL:** Marshfield High School's curriculum for the year 1941-42 offers courses in the following subjects: agriculture, algebra, biology, bookkeeping, chemistry, civics, English, general mathematics, geometry, history, home economics, Latin, music, typewriting, and general science. The only major change in the school program is

the addition of classes in physical education. These classes are held twice a week with Miss Hasseltine in charge of the girls and Mr. Gearan of the boys. At the beginning of the school year all students were given physical examinations to determine their fitness to participate in physical training. Classes consist of exercises and games of various kinds.

Extra curricular activities play an important part in our school program. During the year Marshfield High School has been represented in interscholastic athletic competition in the following sports: touch football, softball, basketball, and baseball. Our girls' basketball team rated second in our league last year, and until the writing of this article have been undefeated in six games this season. Athletics are financed entirely by the school's Athletic Association. This organization also sponsors the skating rink, made possible through the use of the fire engine to flood the rink. The annual one act play contest held last fall was won by the sophomore class. The school continues to sponsor a prize speaking contest; the winners of this represent the school in the District Public Speaking Contest.

Assemblies are usually held once each week. Programs have consisted of informational movies, talks, musical numbers and programs put on by the students.

Improvements in the building consists of humidifiers for the radiators, a coat of buff paint on the walls of the hallway and main room, a hot water heater and tank for the home economics department and an electric pumping pressure system. Through the generosity of the P. T. A. we have received several reference books. There is still a great need for more reference material in the school.

The Future Farmers' organization has been given the use of the Pike school as a chapter house. They are the only chapter in the state to have a house.

The W. P. A. Hot Lunch Project is again being sponsored in the school. Lunches are being served under the able leadership of Mrs. Raymond Houghton.

The following is a list of graduates in the Class of 1941:

Arthur Blake	Doris Gochey
Hazel Ennis	Sidney Rogers
Marguerite Smith	

## MUSIC INSTRUCTION:

Music in the Marshfield schools has progressed favorably during the past year. Last May the High School sent

ten delegates to sing in the State Festival Chorus at Burlington and one to play in the State Orchestra. Marshfield was also represented by a soloist on the solo and small group program. The spring concert, which was held soon after the festival, was successful as an exhibition of the work of the glee club throughout the year. The concert included several of the festival numbers, in which the Marshfield festival group was assisted by the groups from Plainfield and Cabot. In return, the Marshfield group assisted the other two towns in their local concerts. It is the hope of the music supervisor that the spring concert may become an annual event and that attendance at it may increase as its purpose and value become better understood.

The grades, in combination with pupils from Cabot and East Montpelier, participated in the annual May Festival at the school gymnasium on May 14th, the theme this year being, "American Song". The chorus was again directed by Mrs. Nina Babcock Bailey, whose personality and ability have helped to make the festival what it is.

The opening of the new school year in September saw the schools well supplied with new music books which were much needed. The High School Glee Club, early in the year, presented the operetta "Jeanie". The parts were well taken, and the operetta was well received. It was presented, in turn, by each of the three high schools in the district, the common expenses being shared on a percentage basis of the gate receipts, and the cast from each town assisting in the chorus at the other productions.

The grammar room, assisted by pupils from the two lower rooms, presented a Halloween minstrel which was successful both financially and from the standpoint of furnishing enjoyment to the audience. It was also very successful in the interest and cooperation of those participating in it. The work in the grammar room has centered largely around an endeavor to improve reading ability and part singing, and signs of progress are visible in this work. There has also been some correlation between the music program and the history lessons, which has perhaps given added interest to both subjects.

In the intermediate room, also, the work has been largely directed toward note reading ability and improvement of tone and pitch accuracy. There has also been some rhythm work and folk dancing.

In the primary room, the music program has as its specific aims, the curing of monotones, improvement of the

tone, quality and diction, acquaintance with a wealth of rote songs, rhythm work and foundations for later work in note reading. The general aim here, as in higher grades, is love of music, and an increasing appreciation of better music.

In the rural schools the work in the lower grades is similar to that just described. A special feature of the work in the upper grades has been a circulating system of appreciation units, consisting of songs, reading material, and records, and including the following subjects: Indian music, Negro music, American composers, great composers of other lands, the orchestra, opera and oratorio, the symphony, descriptive music and dances. These units have been shared with the schools of Plainfield and Cabot, each town furnishing some of the records used. The supervisor feels that the results in awakening an interest in better music, and in broadening the pupils' understanding of music in general have been gratifying. Periodic tests at the end of each unit show how thoroughly the unit has been comprehended, and a steady up-grade of marks on these test papers in most instances convinces the supervisor of growth of interest and understanding among the pupils.

Plans for the future include an operetta by the King and Hollister Hill Schools in combination, the annual May Festival for the grades, the Spring Concert by the high school glee club and participation in the State Festival at Burlington. Due to a larger number of schools entering this year, each town's representation in the state chorus has been reduced, so that this year our glee club is allowed only six delegates, but Marshfield will also be represented by a soloist on the solo and small group program, as well as in a mixed group from the three high schools of the district, which will sing in the individual glee club concert.

#### ELEMENTARY SCHOOLS:

The Dwinell School has been closed and the remaining pupils are being transported to the Village School.

The Hollister Hill School should be painted inside and should have a new ceiling for better insulation next year. A book and supply cupboard has been removed from the Lamberton School and installed in this school. Other improvements include a bulletin board, a lunch box cupboard, a metal coat rack, and two window screens.

The King School has been painted outside and redecorated inside. New cupboards have been built at the rear of the room. A new teacher's desk has been purchased, and

an electric clock. Two windows have been fitted with screens.

The village primary room has been equipped with new shades. The intermediate room has purchased a playground ball. This room also has a new set of reference books in science. The grammar room has new history texts and a new writing system. The P. T. A. has furnished the National Geographic Magazine for this room. All the elementary rooms are provided with humidifiers for the radiators, the purpose of these being to keep the air moist and promote good health.

## LIBRARIAN'S REPORT

During the year ending Dec. 31, 1941 5,531 books have been loaned.

Fines collected and magazines sold amounted to \$11.13.

New books have been added from time to time through the year. We were especially pleased to be able to purchase new blinds and shades which make an added attraction to our Library.

MARY A. HOUGHTON,

Librarian

### OLD AGE ASSISTANCE DEPARTMENT

State House      Montpelier, Vermont

For the information of your taxpayers, the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$5,055.50 during the year January 1, 1941 to December 31, 1941.

The number of recipients in December, 1941 was 26.

As this program touches every community and many persons, we believe the public should know the following facts:

Expenditures for Old Age Assistance in Vermont amount to over \$1,000,000 a year. All payments are made on a budgetary basis and only after complete investigation by a trained social worker employed under Civil Service regulations. Since the beginning of the program ninety-six cents out of every dollar available to the Department has been expended for the aged and only four cents used for administration.

The increased cost of living and its effect on the budgets of some 5,600 aged persons currently receiving assistance each month constitutes a serious problem, impossible to solve because it is a financial one. This situation also prevents grants of assistance to new applicants who, in many cases, are quite as needy and deserving as those already receiving assistance. The resources of this Department and its ability to make grants are determined by the State Appropriation, which is matched by Federal funds.

The advice and council of local officials and interested persons have been very valuable and are gratefully acknowledged.

Very sincerely yours,

W. ARTHUR SIMPSON, Director

## WARNING

---

### Annual Town Meeting - 1942

The legal voters of the Town of Marshfield, Vermont, are hereby notified and warned to meet in the K. of P. Hall in the village of Marshfield in said Town on Tuesday, March

3, 1942 at 10 o'clock in the forenoon to transact the following business:

- Article 1 To choose a moderator.
- Article 2 To see if licenses for the sale of vinous and malt beverages be granted in this town.
- Article 3 Shall spirituous liquors be sold in this town.
- Article 4 To hear the reports of the Auditors and Town Officers.
- Article 5 To see if the Town will vote to elect one or two Road Commissioners.
- Article 6 To see if the Town will vote to have one or two Law Agents.
- Article 7 To elect all Town Officers required by law.
- Article 8 To see what amount of money the town will vote to appropriate for the Jaquith Public Library.
- Article 9 To see what percent on the dollar of the Grand List the Town will vote to raise for the support of schools.
- Article 10 To see what percent on the dollar of the Grand List the Town will vote to raise for the support of highways.
- Article 11 To see what percent on the dollar of the Grand List the Town will vote to raise for general expense and bridges.
- Article 12 To see what percent on the dollar of the Grand List the Town will vote to raise for payment of indebtedness.
- Article 13 To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town Roads, outside of winter maintenance, in order to take advantage of No. 101 of the Acts of 1937.
- Article 14 To see what amount of money the Town will vote to appropriate for the care of cemeteries.
- Article 15 To see if the Town will vote to pay the taxes to the Town Treasurer on or before October 30, 1942, with a discount of 4% if paid on or before October 20, 1942.
- Article 16 To see if the Town will appropriate a sum of money to be expended by the school board in hiring a school nurse, in conjunction with the towns of the Washington Northeast District.
- Article 17 Will the Town vote to authorize the Auditors of the Town to employ the services of an account-

ant from the offices of the State Auditor of Accounts, to conduct an audit of the town accounts, as provided by No. 55 of the Acts of 1937.

Article 18 To see if the Town will vote to give the constable jurisdiction of Town and State.

Article 19 To transact any other business that may legally come before said meeting.

Dated at Marshfield, Vermont, this 12th day of February, A. D. 1942.

A. E. FLETCHER,  
R. W. WELLS,  
A. A. LEWIS,

Selectmen

Marshfield, Vermont, Town Clerk's Office, February 12, 1942, at 11:00 o'clock A. M. received the warning of which the foregoing is a true copy, and was recorded before posting.

Attest:

VAUGHN A. GILMAN,

Town Clerk

OLD AGE ASSISTANCE DEPARTMENT  
STATE HOUSE  
MONTPELIER, VERMONT

For the information of your taxpayers and because the program touches every community and a great number of its people, the customary annual statement is presented for inclusion in your town report.

The Vermont Old Age Assistance Program is in its ninth year of activity. Nearly 11,000 Vermonters have received the benefit of its services and payments. It has proven a dignified and reliable method of relieving uncertainty, distress and need in old age.

To date, about 8½ million dollars has been expended in the state. The number currently receiving assistance is 5,400 persons. This is about 15% of the estimated number of persons over sixty-five years of age. Since the beginning of the program, the entire expense of administration has been 4.2%. The Social Security Board, Washington, D. C., has figures to show that, on a comparable basis, no other state has a better record for efficiency and economy.

Payments of Old Age Assistance to persons applying from your town amounted to \$5,302.00 during the year January 1, 1943, to December 31, 1943.

The number of recipients in December, 1943, was 25.

The increase in the cost of food, fuel, rents and services constitutes a serious problem to persons dependent on small fixed allowances and has been the cause of much concern to the Old Age Assistance Department.

The advice and council of local officials and interested persons has been very valuable, and is gratefully acknowledged by the Director, his associates and field staff.

Very sincerely yours,

W. ARTHUR SIMPSON,  
Director

---

## REPORT OF THE SCHOOL DEPARTMENT

To the Citizens of Marshfield:

It is our opinion that this year the first part of our report should be dedicated to that person to whom we are especially indebted for services rendered,—the TEACHER! Although there are many higher paying positions to which they might go, and although some would prefer the security and comfort of home life, still this loyal group of people have chosen to stay with the profession. We are grateful to them in particular because they are teaching Marshfield children. We have great confidence in their leadership. These are the names of our school teachers:

Theodore D. Sargent .....	High School Principal
Marguerite H. Mariotti .....	Languages
Louise N. Mears .....	Math. and Science
Eunice Slayton .....	Home Economics
Kenneth W. Dike .....	Agriculture
Phyllis C. Page .....	Grammar
Adena A. Belville .....	Intermediate
Marion H. Moynihan .....	Primary
Sylvia M. Higgs .....	Hollister Hill
Eva Dunbar .....	King
Gertrude N. Sulham .....	Music

Thus far, we have been able to supply ample materials for the teachers. We believe that it is sound judgment to give a good workman good tools with which to work. Parents may be sure that their children are not being denied

books, reference materials, and paper-and-pencil supplies if the teachers have made known their wants.

We have thought best to economize somewhat in the matter of repairs. The school buildings have been kept in excellent condition heretofore, so we have felt that the first two above-mentioned demands on our budget should have prime consideration. In this we believe we will be upheld by the taxpayers.

Marshfield schools continue to have music instruction under the capable leadership of Mrs. Gertrude Sulham. While some towns have had to deny themselves the privilege of having a music teacher, we can be thankful that our town is still carrying on this service for the children.

We consider ourselves fortunate in securing Mrs. Marion Bradley of Plainfield as a part-time school nurse, for one day each week. Mrs. Bradley is a Vermont State Registered Nurse and has had experience in school nursing. We feel sure that the parents will give her full co-operation.

We are pleased to report that hot lunches are being served in each school in town. About 78 boys and girls, over half the total number in school, enjoy these lunches at noon. Sponsored by the P T A at the village, and by the parents and teachers in the rural schools, these meals are reimbursable by the federal Flood Distribution Association at the rate of 4c per child per day.

The number of teachers remains the same as last year. Our home economics set-up continues the same, except that we now employ a teacher in cooperation with the town of Cabot, instead of Plainfield. Home making courses are again being offered to the seventh and eighth grades, a service which was reluctantly given up last year because of certain federal regulations.

The graduates from Marshfield High School in the Class of 1943 were:

Alta L. Churchill      Henry A. Dwinell      Shirley M. Sweet

Testing this year, during December, covered all the elementary grades and was mostly of the achievement type,

which measures a pupil's progress according to national standards. The first graders were given a test to determine their readiness to begin to learn to read. The second and third grades were given intelligence or "brightness" tests, in addition to achievement tests. Standard tests at this time of year are especially valuable because, in the first place, they help the teacher to tell where the pupils stand with respect to national averages; in the second place, they are diagnostic in that a teacher may see where her pupils fell down on the test and she may start to remedy their faults immediately; and finally, the teacher has the remainder of the year to try to correct these deficiencies.

The schools have been participating in the waste paper drive. The village school collected in the vicinity of two tons, conducting a contest among the various rooms. The intermediate room was the winner.

The following is a table of school enrollments, with comparisons for the last three years:

SCHOOLS	GRADES												TOTALS		
	1	2	3	4	5	6	7	8	9	10	11	12	'44	'43	'42
High									9	9	9	9	36	34	28
Grammar						9	7	12					28	26	30
Inter.			14	12	7								33	31	29
Primary	11	8											19	29	27
Hol. Hill	1		4		1	1		2					9	9	10
King	1	3	1		2	2	2	2					13	13	17

Totals '43	18	17	9	17	14	11	14	8	13	9	9	3		142	
Totals '42	20	11	13	16	11	11	16	15	8	10	3	7			141

Below is a comparison of school costs for the last five years, as figured from July to July:

1938-1939	\$16,724.46
1939-1940	16,711.86
1940-1941	16,090.77
1941-1942	15,750.12
1942-1943	16,192.19

After giving much time and thought to our budget for next year, considering the fact that school costs have risen during the last three years, we wish to petition the voters for a school tax of \$1.70 for next year. Given this tax, with our state and federal aid, we should be able to meet our expenses.

We shall need the cooperation of everyone to keep the schools running during these critical times. There are many ways in which parents and citizens can help—by being patient if things do not suit entirely, by reporting troubles to the school authorities, and by offering their services when help is needed. We thank you.

Respectfully submitted,

B. W. DAVIS  
P. J. HAMILTON  
PAULINE B. LYNDEN  
School Directors

J. NEWTON PERRIN  
Superintendent of Schools

# FINANCIAL REPORT AND BUDGET

## Town of Marshfield, Vt.

## **TOWN WARNING**

### **Annual Meeting of Town and Town School District**

The legal voters of the Town of Marshfield, Vermont, are hereby notified and warned to meet in the K. of P. Hall in the village of Marshfield in said Town on Tuesday, March 7, 1944 at 10:00 E. W. T. in the forenoon to transact the following business:

Article 1. To choose a Moderator.

Article 2. To see if licenses for the sale of Vinous and Malt beverages be granted in this Town.

Article 3. Shall spiritous liquors be sold in this Town.

Article 4. To hear the reports of the Auditors and Town Officers.

Article 5. To see if the Town will vote to elect one or two Road Commissioners.

Article 6. To see if the Town will vote to have one or two Law Agents.

Article 7. To elect all Town Officers required by law.

Article 8. To see what amount of money the Town will vote to appropriate for the Jaquith Public Library.

Article 9. To see what percent on the dollar of the Grand List the Town will vote for the support of Schools.

Article 10. To see what percent on the dollar of the Grand List the Town will vote for the support of Highways.

Article 11. To see what percent on the dollar of the Grand List the Town will vote for General Expense and Bridges.

Article 12. To see what percent on the dollar of the Grand List the Town will vote to raise for payment of Indebtedness.

Article 13. To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town Roads, outside of winter maintenance, in order to take advantage of No. 101 of the Acts of 1937.

Article 14. To see what amount of money the Town will vote to appropriate for the care of Cemeteries.

Article 15. To see if the Town will vote to pay the taxes to the Town Treasurer on or before October 30, 1944, with a discount of 4% if paid on or before October 20, 1944.

Article 16. To see if the Town will vote to give the Constable jurisdiction of Town and State.

Article 17. To see if the Town will appropriate a sum of money to be expended by the school board in hiring a school nurse, in conjunction with the Towns of the Washing Northeast District.

Article 18. Will the Town vote to authorize the Auditors of the Town to employ the services of an accountant from the offices of the State Auditor of Accounts, to conduct an audit of the Town Accounts as provided by No. 55 of the Acts of 1937.

Article 19. To see if the town will vote to reduce the appraisal of the R. E. A. on their Pole Line in town, if so how much.

Article 20. To transact any other business that may legally come before said meeting.

Dated at Marshfield, Vermont, this 16th day of February, A. D., 1944.

OLD AGE ASSISTANCE DEPARTMENT

120 State Street

MONTPELIER, VERMONT

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of old age assistance to persons applying from your town amounted to \$6,111.88 during the year January 1, 1944 to December 31, 1944.

The number of recipients in December, 1944 was 24.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds. During recent months it has not been possible to grant assistance or to increase all who were found eligible after investigation. The cost of living has increased so much that about every case needs to be increased that is not now getting the maximum. The cooperation of Overseers in extending temporary aid and supplementary medical services has been very helpful.

The administrative expenses of this department have risen slightly during the biennial period but the administrative review of the Social Security Board emphasizes that the total administrative cost per case per month is among the lowest in the country.

The advice and counsel of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

WILLIAM L. SEWARD,

Director

## REPORT OF THE SCHOOL DEPARTMENT

To the Citizens of Marshfield:

**EDUCATION AND THE ARMED FORCES**—The army has a better opportunity to study and classify young men, as to health and mental fitness, than any other organization. We all know that there has been a high percentage of rejections because of physical defects, in Vermont.

In addition to being physically fit, a man must have the equivalent of a fourth grade education, or he is termed a "functional illiterate". At one time Selective Service had on its hands over a quarter of a million functional illiterates—men who could not read or write well enough to carry out the simple functions of an ordinary soldier. One might suppose that the great majority of these illiterates would come from black or foreign-born populations. Such is not the case. Nearly half of these men who could not read or write well enough for army duties were NATIVE BORN whites.

It is most important that each town do its level best to raise educational standards, and see to it that every boy and girl receives the very best training in the **FUNDAMENTALS** which can possibly be given; that we provide the best teaching we can afford, and in this technical age that we furnish and encourage the greatest possible participation in **HIGH SCHOOL EDUCATION**. What is true of the armed forces is equally true in civilian life. Education helps to make valuable citizens.

**INCREASED STATE AID**—The agitation abroad for an increase in state aid from \$20. per pupil to \$25., with a minimum salary of \$1000. for teachers is known to everyone. According to figures from the Biennial Report of the State Board and the Commissioner of Education, Marshfield would receive additional state aid in the amount of \$1,352.50, if a law were passed raising the state aid per pupil to \$25. This increase is badly needed, especially in towns such as Marshfield which maintain high schools. State aid is derived from income and corporation taxes, tax sources which do not affect the farmer or the small property owner.

This additional state aid would be a great help to Marshfield citizens and would in no way decrease their present incomes. We should all use our influence toward gaining this increase in state aid.

**REPAIRS AND IMPROVEMENTS**—Since our last report, the Hollister Hill School has been equipped with electric lights. Half the cost was paid by the state, with the community and school department sharing the remainder. A great deal of credit for this splendid improvement goes to Mrs. Sylvia Higgs, then teaching at the school. Aside from interior painting at the King School, only minor repairs have been made. Next year, we recommend painting the Village School outside and further improvement of the floors with good floor seal, discontinuing the use of floor oil, which is unsanitary, a fire hazard and injurious to the floors themselves. PTA organizations have always been and will continue to be of assistance in keeping the schools up to standard by the purchase of items of equipment. Consult your teacher or the school board for further details with regard to this.

**HEALTH**—The boys and girls in all the schools are again enjoying the benefits of a warm lunch at noon. The Parent-Teacher organizations should receive the credit for this service. The War Foods Administration pays part of this cost, except at the King School, where the parents prepare and furnish the lunch unaided. Now that we know that there is a definite relationship between nutrition and school work, we heartily endorse all these lunch programs.

The school nurse reports a number of different health activities. Rapid physical check-ups were given to all pupils, including the use of the Snellen eye chart, and the audiometer for testing hearing. Cod liver oil capsules, though late in arriving, were distributed to those who wished them. More are being ordered this year. There have been several pairs of glasses as a result of eye examinations, and a few tonsillectomies. A clinic held in April furnished vaccinations, Schick tests and toxoid to those who had not previously been treated. Dr. Corson of Plainfield took care of the inoculations as well as giving all the high school students

a physical examination. Other services of the school nurse have been inspection at the outbreak of epidemics, many home calls, giving out information on proper diet, sanitary inspections and checking on first aid equipment. Teachers and pupils are encouraged to discuss their health problems with the nurse, and this they are coming to do more and more.

TEACHING STAFF—In spite of the fact that we have lost three teachers, about one-third of our teaching force, since the opening of school, we feel pleased that we have been able to get substitutes of high quality to carry on. Due credit should be given those who have stepped in to help out in this emergency.

Agriculture has been discontinued for the present or until the need seems to warrant resuming it. The small number of boys desiring and showing an interest in such a course, with the difficulty of securing men teachers both contributed to our decision in this.

The following are the members of our teaching staff:

Principal .....	Theodore D. Sargent
Languages .....	Marguerite H. Mariotti
Math. and Science .....	Louise N. Mears
	Judith Perry (Substitute)
Home Economics .....	Eunice H. Slayton
Grammar Room .....	Lois H. Gilman
Intermediate Room .....	Albertine B. Tetrault
Primary Room .....	Marion H. Moynihan
Hollister Hill .....	Hazel P. Carpenter
King .....	Williamina M. Cole
Music .....	Gertrude N. Sulham
School Nurse .....	Marion F. Bradley

ACTIVITIES—An operetta, "The Christmas Carol" was presented at Christmas by the pupils of the village elementary school, under the leadership of the music teacher. An instrumental group from the intermediate room has made at least one public appearance. The high school plans to stage a minstrel show within a few weeks. Marshfield High School was again represented at the Spring Music Festival in Burlington.

The High School library has been augmented by the purchase of over forty new books chosen from good fiction and biography. These purchases were made possible through the Student Council Fund of the school.

Principal Sargent reports a fund of one hundred dollars raised through various scrap drives, as well as one hundred fifty dollars in War Bonds, a credit to the village school in behalf of the war effort.

### SCHOOL ENROLLMENTS:—

SCHOOLS	GRADES												TOTALS		
	1	2	3	4	5	6	7	8	9	10	11	12	'45	'44	'43
High										10	9	5	32	36	34
Grammar						8	9	9					26	28	26
Inter.			11	16	11								38	33	31
Primary	11	10											21	19	29
Hol. Hill	5	2	2	2	1	1	1						14	9	9
King	5	2	3	1		1	1	2					15	13	13
T. '45	21	14	16	19	12	10	11	11	8	10	9	5	146		
T. '44	13	11	19	12	10	12	9	16	9	9	9	9		138	
T. '43	18	17	9	17	14	11	14	8	13	9	9	3			142

The graduating class for the year 1944 is as follows:

Maycle C. Bidwell	Cassius B. Lamberton, Jr.
Rachel E. Dwinell	Pauline L. Nelson
Merle R. Hayward	Marion E. Reynolds
Paulyne St. John	

### COMPARISON OF SCHOOL COSTS (July to July)—

1939-1940 .....	\$16,711.86
1940-1941 .....	16,090.77
1941-1942 .....	15,750.12
1942-1943 .....	16,192.19
1943-1944 .....	18,079.19

FINANCING THE SCHOOLS—At the March meeting a year ago, the voters responded to a request for a school tax of \$1.70. This additional tax of 20c on a dollar was

needed to meet higher school costs. While in all probability we shall not have quite enough money to carry us through until next July, we feel sure, if the voters will give us the same tax for next year, and if the increased state aid law goes through, we shall have sufficient funds for this next school year, 1945-1946. We therefore petition the voters for a tax of \$1.70, the same amount as was voted last year.

We wish to thank everyone for their cooperation during the past year.

Respectfully submitted,

P. J. HAMILTON  
PAULINE B. LYNDES  
B. W. DAVIS  
School Directors

J. NEWTON PERRIN  
Superintendent of Schools

## **TOWN WARNING**

### **Annual Meeting of Town and Town School District**

The legal voters of the Town of Marshfield, Vermont, are hereby notified and warned to meet in the Woman's Club Rooms in the village of Marshfield in said Town on Tuesday, March 6, 1945 at 10:00 E. W. T., in the forenoon to transact the following business:

Article 1. To choose a Moderator.

Article 2. To see if licenses for the sale of Vinous and Malt beverages be granted in this Town.

Article 3. Shall spiritous liquors be sold in this town.

Article 4. To hear the reports of the Auditors and Town Officers.

Article 5. To see if the Town will vote to elect one or two Road Commissioners.

Article 6. To see if the Town will vote to have one or more Law Agents.

Article 7. To elect all Town Officers required by law.

Article 8. To see what amount of money the Town will vote to appropriate for the Jacquith Public Library.

Article 9. To see what percent on the dollar of the Grand List the Town will vote for the support of Schools.

Article 10. To see what percent on the dollar of the Grand List the town will vote for the support of Highways.

Article 11. To see what percent on the dollar of the Grand List the Town will vote for General Expense and Bridges.

Article 12. To see what percent on the dollar of the Grand List the Town will vote to raise for payment of Indebtedness.

Article 13. To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town Roads, outside of winter maintenance, in order to take advantage of No. 101 of the Acts of 1937.

Article 14. To see what amount of money the Town will vote to appropriate for the care of Cemeteries.

Article 15. To see if the Town will vote to pay the taxes to the Town Treasurer on or before October 30, 1945, with a discount of 4% if paid on or before October 20, 1945.

Article 16. To see if the Town will vote to give the Constable jurisdiction of Town and State.

Article 17. To see if the Town will vote to raise the Town Officers pay.

Article 18. To transact any other business that may legally come before said meeting.

Dated at Marshfield, Vermont, this 14th day of February, A. D., 1945.

A. E. FLETCHER

R. W. WELLS

F. E. BROWN

VERMONT OLD AGE ASSISTANCE DEPT.

120 STATE STREET

MONTPELIER, VERMONT

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$6,201.00 during the year January 1, 1945 to December 31, 1945.

The number of recipients in December, 1945, was 22.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds. During recent months it has not been possible to grant assistance or to increase all who were found eligible after investigation. The cost of living has increased so much that about every case needs to be increased that is not now getting the maximum. The cooperation of Overseers in extending temporary aid and supplementary medical services has been very helpful.

The administrative expenses of this department have risen slightly during the biennial period but the administrative review of the Social Security Board emphasizes that the total administrative cost per case per month is among the lowest in the country.

The advice and counsel of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. L. SEWARD, Director.

# COST BY SCHOOLS

## REPORT OF THE SCHOOL DEPARTMENT

To the Citizens of Marshfield:

A REVIEW—For the past four years, during the greatest war history has ever known, Marshfield teachers and pupils have done their duty on the home front by promoting the sale of stamps and bonds, by collecting scrap iron, waste paper and milkweed floss, and the teachers have helped with the rationing program. We are all proud to have had a small part in helping to win the victory!

During this war period we have not been able to make strong advances educationally. We have had to be content with "holding the line". It has been difficult to secure teachers, yet we have managed, with the loyal support of former teachers, to keep the schools open. Books and supplies have been harder to obtain, and in some instances the quality has been poor. Labor and supplies for repairs have been very scarce. Any major repair work has been impossible.

A PREVIEW—Beginning now, we should look toward the future with the idea of continuing our school improvement program. Gradually the quality and quantity of most goods and services will improve. We shall be able to make advances along lines which have heretofore been static.

The teacher supply situation is already slightly better. With the return of more men and women to peacetime activities we shall expect a greater demand for the positions we have to offer.

The consolidation of our schools in one building is a movement toward which we are surely heading. Factors affecting centralization will be: (1) The steady improvement of the back roads. (2) The availability of town-owned buses for transporting grade and high school children. (3) The likelihood of a continued scarcity of teachers who are willing to teach in one-room rural schools. (4) The realization by the parents that a good central school can furnish a better educational environment when we consider such important elements as the building and equipment, teaching services and the social life of the children.

**REPORT CARDS**—Early in the year a committee of elementary teachers, representing each of the eight towns in the district, was formed for the purpose of studying the elementary report card, with a view to bringing it up to date. The present card represents the efforts of the committee to retain the desirable points of the former card while adding to it the improvements most desired. The principal change has been in the marking system, which now takes the form of the A, B, C grading so familiar to all, and which tells more nearly the level of work the pupil is doing.

**SCHOOL ATTENDANCE**—The attendance of pupils at school can never be perfect. There are too many unavoidable obstacles, such as sickness. In addition, however, we realize that there never was a time when the labor of youngsters was in such demand as today. We have tried to be liberal and we have recognized the fact that the young people have been a real help to the farmers in seasonal harvests. Such assistance was part of our contribution to the war effort.

Now we need to rededicate ourselves to the task of education. Neither the desire of the farmer for help nor the appeal of high wages to the student should be allowed to obscure our vision of what an education can mean to a young person today. All possible encouragement should be given our young people to keep them in school for as long a time as they are able to absorb our educational offerings. Closely allied with this plea is one that tardiness is a liability both from the standpoint of the pupil and the teacher. Regular and prompt attendance are absolutely necessary for best results in school work.

**ACTIVITIES**—The usual extra-curricular activities have been maintained in the schools. Marshfield was host to the district Prize Speaking contest last March, and on this occasion carried off the lion's share of the prizes. First prize went to Earle Curtis and second prize to Delilah Randall.

**TEACHING STAFF**—Theodore D. Sargent, who served

as principal and teacher in Marshfield for nine years, left to accept another position last July. We wish to acknowledge the faithful service which Principal Sargent performed in the Marshfield schools. We consider ourselves fortunate in obtaining Lewis J. Streeter as his successor. With the coming of Mr. Streeter, we have been able to include several classes in industrial arts in the curriculum.

John Gearan, who left for the service in 1942, resumed his work in the high school, at the beginning of the second semester. Miles Withington, also a returned serviceman, has succeeded Mrs. Potter in the intermediate room.

The following teachers have been employed this year:

Principal .....	Lewis J. Streeter
Assistant principal .....	Lois H. Gilman
	John S. Gearan
Languages .....	Ruth P. Willard
Home Economics .....	Barbara G. Bolton
Grammar Room .....	Mary E. Harmon
Intermediate Room .....	Lula F. Potter
	Miles Withington
Primary Room .....	Marion M. Webster
King .....	Margaret V. Cassady
Music .....	Gertrude N. Sulham
School Nurse .....	Marion F. Bradley

**SICK LEAVE**—The Marshfield school department has recently established the policy of allowing each teacher one week of sick leave, with pay, within a given school year. This custom is already prevalent in many localities, but Marshfield is the first town in this supervisory district to institute the policy by vote. By so doing, we dignify the profession of teaching, protect somewhat the teacher's health, and make our positions a little more attractive to candidates.

**SCHOOL ENROLLMENTS**—The Hollister Hill School has been closed for the year and the pupils from that district are now attending the Plainfield village school, the Marshfield village school and the King school. Since there

are fifteen pupils in the Hollister Hill district, the school was not closed because of small enrollment but for the reason that no qualified teacher could be found to take the school. Transportation is being provided those pupils attending the Marshfield schools.

The following table shows enrollments by schools and by grades:

SCHOOLS	GRADES												TOTALS		
	1	2	3	4	5	6	7	8	9	10	11	12	'46	'45	'44
High									8	9	4	5	26	32	36
Grammar						12	9	8					29	26	28
Inter.			12	12	9								33	38	33
Primary	11	13											24	21	19
Holl. Hill (closed)														14	9
King	2	6	3	4	3		2	1					21	15	13
Totals:															
1946	13	19	15	16	12	12	11	9	8	9	4	5	133		
1945	21	14	16	19	12	10	11	11	8	10	9	5		146	
1944	13	11	19	12	10	12	9	16	9	9	9	9			138

A class of four girls was graduated from the High school last June:

Mildred E. Garrow Mary E. Sicely  
Phyllis E. Lesnick Eleanor E. Wells

#### COMPARISON OF SCHOOLS COSTS—(July to July)

1940-1941 .....	\$16,090.77
1941-1942 .....	15,750.12
1942-1943 .....	16,192.19
1943-1944 .....	18,079.19
1944-1945 .....	18,522.82

SCHOOL FINANCES — We have estimated our school expenses for the coming year, and considering the state and federal aid we expect to receive, with the increase in the cost of running the schools which must be evident to all, we shall need \$15,200. of tax money. This amount will necessi-

tate a school tax of \$1.85 on the Grand List, and we petition the voters to grant us this tax at the next March meeting.

Your helpful suggestions and criticism will be welcome. We want to make our schools the best we can afford to maintain.

Respectfully submitted,

PAULINE LYNDES

B. W. DAVIS

E. G. CURTIS

School Directors.

J. N. PERRIN,

Superintendent of Schools.

---

## TOWN WARNING

### Annual Meeting of Town and Town School District

The legal voters of the Town of Marshfield, Vermont, are hereby notified and warned to meet at the Woman's Club Rooms in the Village of Marshfield in said Town on Tuesday, March 5th, 1946, at 9:00 E. S. T., in the forenoon to transact the following business:

Article 1. To choose a Moderator.

Article 2. To see if license for the sale of vinous and malt beverages be granted in this Town.

Article 3. Shall spirituous liquors be sold in this Town.

Article 4. To hear the reports of the Auditors and Town Officers.

Article 5. To see if the Town will vote to elect one or two Road Commissioners.

Article 6. To see if the Town will vote to have one or more Law Agents.

Article 7. To elect all Town Officers required by law.

Article 8. To see what amount of money the Town will vote to appropriate for the Jaquith Public Library.

Article 9. To see what percent on the dollar of the Grand List the Town will vote for the support of schools.

Article 10. To see what percent on the dollar of the Grand List the Town will vote for the support of Highways.

Article 11. To see what percent on the dollar of the Grand List the Town will vote for General Expense and Bridges.

107  
Article 12. To see what percent on the dollar of the Grand List the Town will vote to raise for payment of indebtedness.

100  
Article 13. To see if the Town will vote to appropriate and spend at least \$25.00 per mile out of their own money on the Town Roads, outside of winter maintenance, in order to take advantage of No. 101 of the Acts of 1937.

1300  
Article 14. To see what amount of money the Town will vote to appropriate for the care of Cemeteries.

1000  
Article 15. To see if the Town will vote to pay the taxes to the Town Treasurer on or before October 30, 1946, with a discount of 4% if paid on or before October 20, 1946.

1000  
Article 16. To see if the Town will vote to give the Constable jurisdiction of Town and State.

1000  
Article 17. Will the Town vote to authorize the Auditors of the Town to employ the services of an accountant from the offices of the State Auditor of Accounts, to conduct an audit of the Town Accounts as provided by No. 55 of the Acts of 1937.

1000  
Article 18. To transact any other business that may legally come before said meeting.

1000  
Dated at Marshfield, Vermont, this 13th day of February, 1946.
